BEST PRACTICES

Helpful Tips

TO GET THE MOST OUT OF YOUR NEW PAYCARD

Instant Access

Start using your card as soon as you get paid. Make purchases, shop online, pay bills and more.

Setup a PIN

Your PIN is a security code used to verify transactions and get cash from an ATM. If you forget your PIN, call the number on the back of the card to reset it.

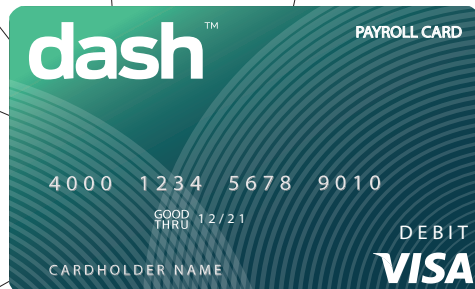

Swipe and Sign

No need to use cash for purchases. When paying in-store, swipe your card, choose "credit" and sign your receipt. **Signature transactions are always FREE.**

YOUR card

Have a second job? Use your card to receive paychecks from other jobs. In addition, you can have government benefits and tax refunds directly deposited to your card.

Need your Account Information?

Call Customer Service at 1-833-848-5768 to obtain your Account and Routing number. With this information, you can now take your card with you to other jobs.

Mobile App

Download the PT Mobile App (PaymentCardInfo) to easily manage your account. Check your balance, see transaction history, lock your card if lost or stolen, and many more features.

Gas purchases

It is best to go inside and ask the cashier to authorize an amount within the remaining card balance. If you pay at the pump, an average purchase of gas will be pre-authorized since the final amount is unknown. If this amount is more than your card balance, your card will be declined.

Need cash?

Use one of the 55,000+ Allpoint ATM Network terminals and withdraw cash with no fees. Or get cash back when making a purchase for a small fee. Visit www.allpointnetwork.com to find ATM locations near you.
